

Italian Barbershop Choir

I am honored to have the opportunity to share my thoughts on Vocal Coachings by Patty Leveille. Patty is a competent professional, very prepared singer and teacher, but above all an extremely empathetic person capable of quickly identifying the needs of the group and offering tools to improve the musical performance of the singers she works with.

Our experience with her was just great: she helped the Italian barbershop choir of Bologna by providing profound ideas for improving performance, the ability of singers to feel part of a whole as well as to teach us important musical elements typical of barbershop music. I highly recommend her experience; you will not regret it.

Giulia Matteucci, Musical Leader, Italian Barbershop Choir, Bologna, Italy
